You are hereby notified that I have amended Approval No. 5855-9HHGQR issued on April 14, 2014 for a Class 4 wind facility , as follows:

A. The definition of "Application" is deleted and replaced with the following:

11. "Application" means the application for a Renewable Energy Approval dated February 12, 2013, and signed by F. Allen Wiley, Jericho Wind, Inc., and all supporting documentation submitted with the application, including amended documentation submitted up to April 14, 2014; and as further amended by the application for an amendment to a Renewable Energy Approval dated July 21, 2014, and signed by F. Allen Wiley, Jericho Wind, LP, and all supporting documentation submitted with the application, including amended documentation submitted up to September 2, 2014; and as further amended by the application for an amendment to a Renewable Energy Approval dated October 3, 2014, and signed by F. Allen Wiley, Jericho Wind, LP, and all supporting documentation submitted with the application, including amended documentation submitted up to November 12, 2014; and as further amended by the application for an amendment to a Renewable Energy Approval dated April 26, 2017, and signed by Andrew Kushner, Vice President, Business Management, Jericho Wind, LP, and all supporting documentation submitted with the application, including amended documentation submitted up to June 8, 2017;

B. The definition of "Bat Deterrence Study Report" is added to the Approval as definition #42:

42. "Bat Deterrence Study Report" means the document titled "Re: Request for Amendment to REA Number 5855-9HHGQR for Installation of Acoustic Bat Deterrent Devices", dated April 25, 2017, signed by Derek Dudek, Jericho Wind, LP, including its appendices;

C. Conditions V1, V2, and V3 are added to the Approval as follows:

V – BAT DETERRENCE STUDY

- V1. The acoustic bat deterrent devices described in the Bat Deterrence Study Report shall be installed at turbines 12, 23, and 44. The acoustic bat deterrent devices may be installed at turbine 60 in lieu of one of the aforementioned turbines.
- V2. The Company shall undertake all monitoring, data collection, and reporting proposed in the Bat Deterrence Study Report. The Company shall create written records of all monitoring and data collected pursuant to this condition. The Company shall retain these records for the life of the Facility, and shall make them available for inspection by the Ministry, upon request. The Company shall share all monitoring and reporting data with the Ministry of Natural Resources and Forestry in accordance with the terms of a data sharing agreement between the Company and the Ministry of Natural Resources and Forestry.
- V3. The Company shall not commence operation of the acoustic bat deterrent devices described in Condition V1 before July 1, 2017 (except for testing purposes), and shall cease operation of the acoustic bat deterrent devices before November 1, 2017. The Company may recommence operation of the acoustic bat deterrent devices described in Condition V1 for additional time durations agreed to between the Director, the Company, and the Ministry of Natural Resources and Forestry, upon receiving written approval from the Director to do so.

This Notice shall constitute part of the approval issued under Approval No. 5855-9HHGQR dated April 14, 2014.
