

## NOTICE OF CHANGE TO A PROPOSAL FOR A RENEWABLE ENERGY PROJECT

Project Name Summerhaven Wind Energy Centre

Dated at Haldimand County this the 18 of June 2013

Project Location: The proposed Project is located in the vicinity of Nanticoke, Haldimand County, Ontario,

Summerhaven Wind, LP (Summerhaven) a wholly-owned subsidiary of NextEra Energy Canada, ULC (NextEra), is constructing a wind energy project in the vicinity of the community of Nanticoke, in Haldimand County, Ontario (Figure 1). The Project received a Renewable Energy Approval (REA) from the Ministry of the Environment (MOE) on March 16, 2012 and subsequent amendment approvals on January 2, and May 23 2013.

This notice is being distributed at the request of the MOE to advise of recent modifications proposed to the Project. The following list highlights the proposed modifications and the associated figure depicts the corresponding locations. These modifications are proposed to allow construction of two turbine locations (Turbine 38 and 39) to proceed while Stage 3 archaeological assessments on the original access road to the east of the turbine locations are completed.

- A. Construction of a new access road and collection cables on Lot 8, Concession 2 from Haldimand Road 3 (Rainham Road) north to Turbines 38 and 39.
- B. Construction of a new access road and collection cables on Lot 9, Concession 2 from Haldimand Road 3 (Rainham Road) north to Turbines 38 and 39.

These modifications do not change the overall conclusions of the REA Reports which state that the Project can be constructed and installed without any significant adverse residual effects. Addenda to the associated REA Reports will be available on June 21, 2013 for public inspection on the Project Website ([www.NextEraEnergyCanada.com](http://www.NextEraEnergyCanada.com)) and at the Haldimand County Municipal Office: 45 Munsee Street North, Cayuga, Ontario.

Project Contact and Information: To learn more about the project modifications or to communicate concerns, please contact:
