

FLAT CREEK SOLAR PROJECT

COMMUNITY MEETING WITH A LIVE Q&A

**CORDELIO
POWER**

WHO: Flat Creek Solar, along with technical experts, invites you to attend an in-person Community Meeting for the Flat Creek Solar Project.

WHAT: Flat Creek Solar will host a community meeting with a project update presentation and live question and answer session. During the Q&A, Flat Creek Solar Project representatives will sit on a panel and answer project-related questions in a large group setting. The presentation will begin at approximately 6:15 pm and the Q&A session will follow.

To accommodate all attendees, we will have a sign-in sheet for those who wish to address the panel directly as well as comment cards and pens for those who prefer to submit questions in writing. A panel moderator will collect the written questions and direct them to the correct Project representative during the Q&A session. Enclosed is a sheet on which you can write down questions in advance. If you would like to submit questions over email prior to the Community Meeting, they may be sent to Erin Szalkowski at erin@innovantpr.com.

WHEN: Wednesday, April 17, 2024 from 6:00-8:00 pm

WHERE: Canajoharie Volunteer Fire Department (Second Floor), 75 Erie Boulevard in Canajoharie

ABOUT THE FLAT CREEK SOLAR PROJECT: About the Flat Creek Solar Project: The proposed Flat Creek Solar Project is an up to 300-megawatt (MW) solar facility located in the Towns of Root and Canajoharie in Montgomery County (the Facility). The Facility is anticipated to include single-axis tracker solar panels, power inverters to convert electricity from direct current (DC) to alternating current (AC), permanent access roads, collection lines, and a substation and switchyard to deliver electricity to the existing New York Power Authority (NYPA) 345 kV transmission line #352.
