

Proposed Flat Creek Solar Project In-Person Community Meeting/Open House and Notice of Intent to File an Application

Flat Creek Solar invites the community to attend an in-person community meeting to speak with the development, environmental permitting, and engineering team regarding the proposed Flat Creek Solar Project.

Who: Flat Creek Solar NY, LLC (Flat Creek Solar) is proposing to construct the Flat Creek Solar Project, an up to 300-megawatt (MW) solar facility in the Towns of Root and Canajoharie in Montgomery County, New York (the Facility). The Facility is anticipated to include single-axis tracker solar panels, power inverters to convert electricity from direct current (DC) to alternating current (AC), permanent access roads, collection lines, and a substation and switchyard to deliver electricity to the existing New York Power Authority (NYPA) 345 kV transmission line #352.

What: One meeting will be held, with two sessions occurring, with the same information presented at each session. Flat Creek Solar will provide attendees with details regarding the proposed Flat Creek Solar Project and information that will be included in the Project's 94-c Application, which will be filed with the Office of Renewable Energy Siting (ORES).

When: The Community Meeting will be held on Thursday, February 15, 2024, and will have two sessions:

- 1 – 3 PM
- 7 – 9 PM

Where: The Community Meeting will be held at the Canajoharie Volunteer Fire Department (Second Floor), located at 75 Erie Boulevard, Canajoharie, NY 13317.

Why: The Flat Creek Solar Project is in early stages of design and permitting and this in-person Community Meeting allows a time for the community to learn about the Project, provide feedback, and exchange ideas with the Project team. We are excited to see you there and hope you can join us. No preregistration is required.

Notice of Intent to File an Application: This notice announces that on or about May 15, 2024, Flat Creek Solar will file an Application with ORES, pursuant to Section 94-c of the New York State Executive Law, seeking a Siting Permit from ORES authorizing the construction and operation of the Facility.

Local Agency Account Funds: Pursuant to 19 NYCRR 900-5, Flat Creek Solar will submit with the Application \$1,000 dollars for each MW of capacity for local agencies and potential community intervenors, which for this Facility totals up to \$300,000. Within thirty (30) days of an application filing with ORES, any local agency or potential community intervenor may submit a request for initial funding for support with review of and response to the Application. 75% of the local agency account funds shall be reserved for local agencies. The form for submitting intervenor requests is available on the ORES website at: https://ores.ny.gov/system/files/documents/2023/10/laaf_request_form-10-1-2023.pdf.

Intervenor requests may be sent by mail to ORES, Attention: Request for Local Agency Account Funding (Permit Application No. 23-00054), c/o: OGS Mailroom, Empire State Plaza, 240 State Street, P-1 South, J Dock, Albany, NY 12242, or by email to hearings@ores.nygov.

STATE OF NEW YORK
OFFICE OF RENEWABLE ENERGY SITING

Application of SunEast Flat Creek Solar LLC for a Permit
Pursuant to Section 94-c of the New York State Executive Law to
Construct a Major Renewable Energy Generation Facility in the
Towns of Root and Canajoharie, Montgomery County, New York

AFFIDAVIT OF SERVICE

Matter No. 23-00054

STATE OF New York)
COUNTY OF Onondaga) ss.:

Frank Lipari, being duly sworn, deposes and says that, on behalf of Applicant SunEast Flat Creek Solar LLC ("the Applicant"), on the 31 day of January 2024, via USPS First Class Mail, they mailed one (1) printed paper copy of the notice attached hereto as Affidavit Attachment 1, "Combined Notice of Community Meeting and 60-Day Notice of Intent to File an Application", to all addresses on the address list attached hereto as Affidavit Attachment 2, which was provided to the undersigned by TRC Staff for the purpose of this mailing, and which the undersigned has been informed includes addresses for the following:

1. New York State Office of Renewable Energy Siting;
2. All persons residing within one (1) mile of the proposed Flat Creek Solar Project Facility;
3. State legislators representing the districts in which the proposed Flat Creek Solar Project Facility is proposed to be located;
4. the Montgomery County Executive;
5. the Root Town Supervisor, Town Code Enforcement Officer, Town Highway Superintendent, Town Assessor, Town Clerk, Town Attorney, and Special Counsel;
6. the Canajoharie Town Supervisor, Deputy Town Supervisor, Town Code Enforcement Officer, Town Highway Superintendent, Town Assessor, Town Senior Planner, Town Clerk, and Town Attorney; and
7. the Canajoharie Library.

Proposed Flat Creek Solar Project In-Person Community Meeting/Open House and Notice of Intent to File an Application

Flat Creek Solar invites the community to attend an in-person community meeting to speak with the development, environmental permitting, and engineering team regarding the proposed Flat Creek Solar Project.

Who: Flat Creek Solar NY, LLC (Flat Creek Solar) is proposing to construct the Flat Creek Solar Project, an up to 300-megawatt (MW) solar facility in the Towns of Root and Canajoharie in Montgomery County, New York (the Facility). The Facility is anticipated to include single-axis tracker solar panels, power inverters to convert electricity from direct current (DC) to alternating current (AC), permanent access roads, collection lines, and a substation and switchyard to deliver electricity to the existing New York Power Authority (NYPA) 345 kV transmission line #352.

What: One meeting will be held, with two sessions occurring, with the same information presented at each session. Flat Creek Solar will provide attendees with details regarding the proposed Flat Creek Solar Project and information that will be included in the Project's 94-c Application, which will be filed with the Office of Renewable Energy Siting (ORES).

When: The Community Meeting will be held on Thursday, February 15, 2024, and will have two sessions:

- 1 – 3 PM
- 7 – 9 PM

Where: The Community Meeting will be held at the Canajoharie Volunteer Fire Department (Second Floor), located at 75 Erie Boulevard, Canajoharie, NY 13317.

Why: The Flat Creek Solar Project is in early stages of design and permitting and this in-person Community Meeting allows a time for the community to learn about the Project, provide feedback, and exchange ideas with the Project team. We are excited to see you there and hope you can join us. No preregistration is required.

Notice of Intent to File an Application: This notice announces that on or about May 15, 2024, Flat Creek Solar will file an Application with ORES, pursuant to Section 94-c of the New York State Executive Law, seeking a Siting Permit from ORES authorizing the construction and operation of the Facility.

Local Agency Account Funds: Pursuant to 19 NYCRR 900-5, Flat Creek Solar will submit with the Application \$1,000 dollars for each MW of capacity for local agencies and potential community intervenors, which for this Facility totals up to \$300,000. Within thirty (30) days of an application filing with ORES, any local agency or potential community intervenor may submit a request for initial funding for support with review of and response to the Application. 75% of the local agency account funds shall be reserved for local agencies. The form for submitting intervenor requests is available on the ORES website at: https://ores.ny.gov/system/files/documents/2023/10/laaf_request_form-10-1-2023.pdf.

Intervenor requests may be sent by mail to ORES, Attention: Request for Local Agency Account Funding (Permit Application No. 23-00054), c/o: OGS Mailroom, Empire State Plaza, 240 State Street, P-1 South, J Dock, Albany, NY 12242, or by email to hearings@ores.nygov.

Contact Information: Please feel free to contact us with questions regarding the Flat Creek Solar Project at:

Proposed Flat Creek Solar Project In-Person Community Meeting/Open House and Notice of Intent to File an Application

Flat Creek Solar invites the community to attend an in-person community meeting to speak with the development, environmental permitting, and engineering team regarding the proposed Flat Creek Solar Project.

Who: Flat Creek Solar NY, LLC (Flat Creek Solar) is proposing to construct the Flat Creek Solar Project, an up to 300-megawatt (MW) solar facility in the Towns of Root and Canajoharie in Montgomery County, New York (the Facility). The Facility is anticipated to include single-axis tracker solar panels, power inverters to convert electricity from direct current (DC) to alternating current (AC), permanent access roads, collection lines, and a substation and switchyard to deliver electricity to the existing New York Power Authority (NYPA) 345 kV transmission line #352.

What: One meeting will be held, with two sessions occurring, with the same information presented at each session. Flat Creek Solar will provide attendees with details regarding the proposed Flat Creek Solar Project and information that will be included in the Project's 94-c Application, which will be filed with the Office of Renewable Energy Siting (ORES).

When: The Community Meeting will be held on Thursday, February 15, 2024, and will have two sessions:

- 1 – 3 PM
- 7 – 9 PM

Where: The Community Meeting will be held at the Canajoharie Volunteer Fire Department (Second Floor), located at 75 Erie Boulevard, Canajoharie, NY 13317.

Why: The Flat Creek Solar Project is in early stages of design and permitting and this in-person Community Meeting allows a time for the community to learn about the Project, provide feedback, and exchange ideas with the Project team. We are excited to see you there and hope you can join us. No preregistration is required.

Notice of Intent to File an Application: This notice announces that on or about May 15, 2024, Flat Creek Solar will file an Application with ORES, pursuant to Section 94-c of the New York State Executive Law, seeking a Siting Permit from ORES authorizing the construction and operation of the Facility.

Local Agency Account Funds: Pursuant to 19 NYCRR 900-5, Flat Creek Solar will submit with the Application \$1,000 dollars for each MW of capacity for local agencies and potential community intervenors, which for this Facility totals up to \$300,000. Within thirty (30) days of an application filing with ORES, any local agency or potential community intervenor may submit a request for initial funding for support with review of and response to the Application. 75% of the local agency account funds shall be reserved for local agencies. The form for submitting intervenor requests is available on the ORES website at: https://ores.ny.gov/system/files/documents/2023/10/laaf_request_form-10-1-2023.pdf.

Intervenor requests may be sent by mail to ORES, Attention: Request for Local Agency Account Funding (Permit Application No. 23-00054), c/o: OGS Mailroom, Empire State Plaza, 240 State Street, P-1 South, J Dock, Albany, NY 12242, or by email to hearings@ores.nygov.

Flat Creek Solar invites the community to attend an in-person community meeting to speak with the development, environmental permitting, and engineering team regarding the proposed Flat Creek Solar Project.

Who: Flat Creek Solar NY, LLC (Flat Creek Solar) is proposing to construct the Flat Creek Solar Project, an up to 300-megawatt (MW) solar facility in the Towns of Root and Canajoharie in Montgomery County, New York (the Facility). The Facility is anticipated to include single-axis tracker solar panels, power inverters to convert electricity from direct current (DC) to alternating current (AC), permanent access roads, collection lines, and a substation and switchyard to deliver electricity to the existing New York Power Authority (NYPA) 345 kV transmission line #352.

What: One meeting will be held, with two sessions occurring, with the same information presented at each session. Flat Creek Solar will provide attendees with details regarding the proposed Flat Creek Solar Project and information that will be included in the Project’s 94-c Application, which will be filed with the Office of Renewable Energy Siting (ORES).

When: The Community Meeting will be held on Thursday, February 15, 2024, and will have two sessions:

- 1 – 3 PM
- 7 – 9 PM

Where: The Community Meeting will be held at the Canajoharie Volunteer Fire Department (Second Floor), located at 75 Erie Boulevard, Canajoharie, NY 13317.

Why: The Flat Creek Solar Project is in early stages of design and permitting and this in-person Community Meeting allows a time for the community to learn about the Project, provide feedback, and exchange ideas with the Project team. We are excited to see you there and hope you can join us. No preregistration is required.

Notice of Intent to File an Application: This notice announces that on or about May 15, 2024, Flat Creek Solar will file an Application with ORES, pursuant to Section 94-c of the New York State Executive Law, seeking a Siting Permit from ORES authorizing the construction and operation of the Facility.

Local Agency Account Funds: Pursuant to 19 NYCRR 900-5, Flat Creek Solar will submit with the Application \$1,000 dollars for each MW of capacity for local agencies and potential community intervenors, which for this Facility totals up to \$300,000. Within thirty (30) days of an application filing with ORES, any local agency or potential community intervenor may submit a request for initial funding for support with review of and response to the Application. 75% of the local agency account funds shall be reserved for local agencies. The form for submitting intervenor requests is available on the ORES website at: https://ores.ny.gov/system/files/documents/2023/10/laaf_request_form-10-1-2023.pdf.

Intervenor requests may be sent by mail to ORES, Attention: Request for Local Agency Account Funding (Permit Application No. 23-00054), c/o: OGS Mailroom, Empire State Plaza, 240 State Street, P-1 South, J Dock, Albany, NY 12242, or by email to hearings@ores.ny.gov.

FLAT CREEK SOLAR PROJECT

COMMUNITY MEETING WITH A LIVE Q&A

CORDELIO
POWER

WHO: Flat Creek Solar, along with technical experts, invites you to attend an in-person Community Meeting for the Flat Creek Solar Project.

WHAT: Flat Creek Solar will host a community meeting with a project update presentation and live question and answer session. During the Q&A, Flat Creek Solar Project representatives will sit on a panel and answer project-related questions in a large group setting. The presentation will begin at approximately 6:15 pm and the Q&A session will follow.

To accommodate all attendees, we will have a sign-in sheet for those who wish to address the panel directly as well as comment cards and pens for those who prefer to submit questions in writing. A panel moderator will collect the written questions and direct them to the correct Project representative during the Q&A session. Enclosed is a sheet on which you can write down questions in advance. If you would like to submit questions over email prior to the Community Meeting, they may be sent to Erin Szalkowski at erin@innovantpr.com.

WHEN: Wednesday, April 17, 2024 from 6:00-8:00 pm

WHERE: Canajoharie Volunteer Fire Department (Second Floor), 75 Erie Boulevard in Canajoharie

ABOUT THE FLAT CREEK SOLAR PROJECT: About the Flat Creek Solar Project: The proposed Flat Creek Solar Project is an up to 300-megawatt (MW) solar facility located in the Towns of Root and Canajoharie in Montgomery County (the Facility). The Facility is anticipated to include single-axis tracker solar panels, power inverters to convert electricity from direct current (DC) to alternating current (AC), permanent access roads, collection lines, and a substation and switchyard to deliver electricity to the existing New York Power Authority (NYPA) 345 kV transmission line #352.

NOTICE OF CHANGE TO ENVIRONMENTAL MANAGEMENT AND CONSTRUCTION PLAN FOR CHAMPLAIN HUDSON POWER EXPRESS

Please take notice that on or about July 17, 2024 CHPE LLC and CHPE Properties, Inc. (collectively referred to as "CHPE") will submit a proposed major change to the approved Environmental Management & Construction Plan ("EM&CP") for Segment 7 of the Champlain Hudson Power Express ("CHPE") Project. The Segment 6 and 7 EM&CP was previously approved by the New York State Public Service Commission ("PSC") on September 14, 2023. Segments 6 and 7 include installation of approximately 19.8 miles of buried overland cable running from the Town of Milton (Saratoga County) through the Town of Rotterdam (Schenectady County), primarily along railroad and highway rights-of-way. By this change, CHPE seeks to install a previously approved trench length of the Facility via horizontal directional drill (HDD) as a result of coordination between CHPE and the New York State Department of Transportation to reduce potential transportation and traffic impacts, as well as to avoid trenching on a contaminated property where soil remediation activities are ongoing.

The PSC issued a Certificate of Environmental Compatibility and Public Need ("Certificate") to CHPE on April 18, 2013, to construct and operate the CHPE Project. Pursuant to that Certificate, CHPE is required to circulate notices to certain landowners, utility owners, municipalities and agencies near the proposed Segment's construction activities when it proposes to make a change to the Facility route approved in an EM&CP. This notice provides a map showing the proposed change and provides links and contact information which stakeholders can use to obtain further information or to submit comments on the proposed change. The EM&CP change must be reviewed and approved by the PSC before construction on the areas subject to this change can begin.

An overview map showing the proposed EM&CP change, which is located near Freeman's Bridge Road in the Town of Glenville, accompanies this notice. Further details of the planned work locations will be made available on the Project website at: <https://chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/>. Construction activities for this segment are ongoing. Where possible, construction will generally occur during daylight hours, though some limited activities would extend to later hours as needed.

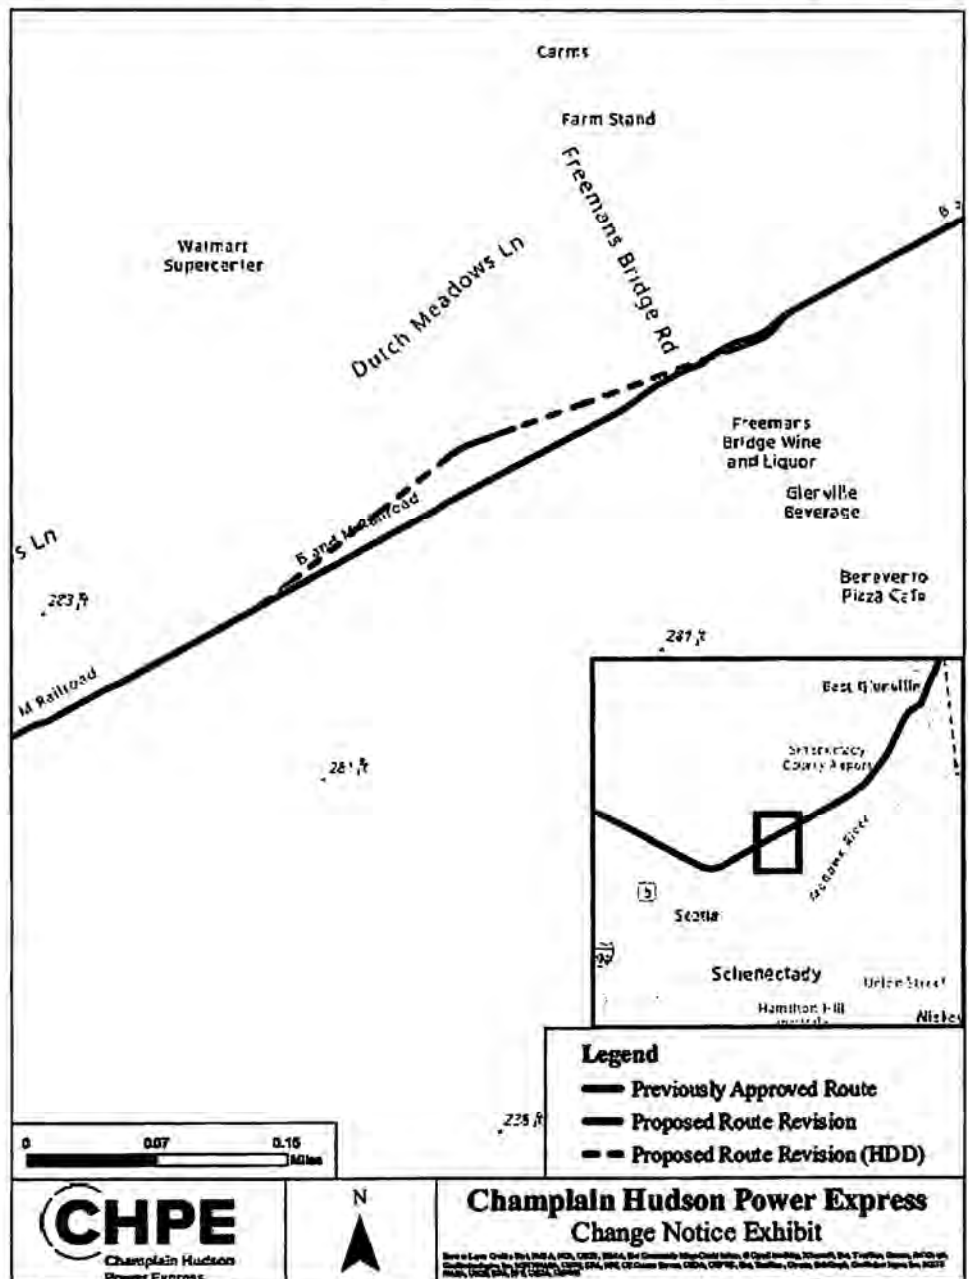

The full Commission docket for the Project can be accessed via the Commission's website at: <http://documents.dps.ny.gov/public/MatterManagement/CaseMaster.aspx?MatterCaseNo=10-T-0139> and electronic copies of EM&CP change documents are available on the Project website at <https://chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/>.

chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/. Paper copies of the EM&CP are available for viewing at the following local document repositories: Burnt Hills Library, 2 Lawmar Lane, Burnt Hills, NY 12027; Ballston Spa Library, 21 Milton Avenue, Ballston Spa, NY 12020.

Comments related to this proposed EM&CP should be submitted to the Commission Secretary by email at secretary@dps.ny.gov or by mail to Michelle

Phillips, Secretary, NYS Public Service Commission, 3 Empire State Plaza, Albany, NY 12223, within 21 days of this notice. All comments should reference Case Number 10-T-0139.

CHPE has established a toll-free number for questions regarding the Project 1-800-991-CHPE (2473). Questions or requests for further information can be directed to: publicoutreach@chpexpress.com or by mail to Molly Hollister, WSP USA, One Pennsylvania Plaza, New York, NY 10119.

Flat Creek Solar NY LLC- Flat Creek Solar Project Montgomery County, New York

3-DAY NOTICE OF INTENT TO FILE AN APPLICATION

Flat Creek Solar NY LLC, a wholly owned subsidiary of Cordelio Power LP ("Flat Creek Solar" or "the Applicant"), is proposing to construct the Flat Creek Solar Project, a utility-scale solar energy generation facility with up to 300 megawatts ("300 MW") in generation capacity in the Towns of Root and Canajoharie, Montgomery County, New York ("the Facility" or "the Project"). This notice announces that on or about July 31, 2024, Flat Creek Solar will file an Application with the Office of Renewable Energy Siting and Electric Transmission ("ORES"), pursuant to Article VIII of the New York State ("NYS") Public Service Law, seeking a Siting Permit from ORES authorizing the construction and operation of the Facility. The Facility is subject to a State review process by ORES whereby uniform standards and conditions have been established for renewable energy projects ("the Article VIII Process"). This process was formerly known and referred to as the 94-c permitting process, but recent legislative enactments in the RAPID Act have transferred the statutory authority for ORES to the N.Y. Public Service Law. The uniform standards and conditions can be found at 19 NYCRR 900.6 and are available at https://ores.ny.gov/regulations.

The Facility is proposed to include single-axis tracker solar panels, power inverters to convert electricity from direct current ("DC") to alternating current ("AC"), permanent access roads, collection lines, and a substation and point of interconnection ("POI") switchyard to deliver electricity to the existing New York Power Authority ("NYPA") 345 kV transmission line #352. More information on the proposed Facility can be found on the project's dedicated website: https://cordeliopower.com/project/flat_creek/.

The Facility is a zero-emission wind energy facility that will assist the State in meeting the goals of the Climate Leadership and Protection Act and State Energy Plan, which includes obtaining 70% of energy generation from renewable sources by 2030 and significantly reducing greenhouse gas emissions. Other positive impacts of the Facility include the creation of full-time equivalent construction jobs local spending on accommodations, dining, and other local services during the construction and installation period; payments to landowners increased revenues to the Towns, County and School Districts and bill credits paid directly to residential electric customers in the host municipality and the generation of enough electricity to power approximately 40,468 homes annually, helping New York State to become energy independent. In addition, Flat Creek Solar has attempted to minimize impacts associated with the Project, for example, by limiting the disturbance to forested lands, wetlands and streams, and threatened and endangered species to the maximum extent practicable. Flat Creek Solar will submit an Application for a Siting Permit that includes extensive studies evaluating the potential impacts associated with the Facility and identified methods which have been agreed to be implemented to avoid, minimize, and mitigate potential impacts. Pursuant to 19 NYCRR 900-1.6(c), this notice is being published no sooner than three days before the Application is filed.

Pursuant to 19 NYCRR 900-5, Flat Creek Solar will submit with the Application \$1,000 dollars for each MW of capacity for local agencies and potential community interveners, which for this project, totals \$300,000.00. Any local agency or potential community intervenor can submit a request to the Office for funding within thirty (30) days of the date of the application filing. By regulation, 75% of the local agency account funds shall be reserved for local agencies. Intervener requests may be made by mail to the Office of Renewable Energy Siting, Attention: Local Agency Account Funding Request (Matter No. 23-00054), c/o OGS Mailroom, Empire State Plaza, 240 State Street, P-1 South, J Dock, Albany, NY 12242, or by email to hearings@ores.ny.gov, Subject line "Local Agency Account Funding Request (Matter No. 23-00054)."

Further details regarding the Project and updates on the Application will be provided on the Project website, https://cordeliopower.com/project/flat_creek/, or the ORES website, https://ores.ny.gov/permit-applications, under Matter No. 23-00054. Printed and electronic copies of the Application, when filed, will be available for review at the following local document repository: Canajoharie Library, 2 Erie Boulevard, Canajoharie, NY 13317.

To learn more visit https://cordeliopower.com/project/flat_creek/, or contact us at: Flat Creek Solar NY LLC, c/o Cordelio Power LP, Suite 1805, 55 Fifth Avenue, New York, NY 10003. Project Representative: Patrick McCarthy, Project Manager, T: (888) 524-8168, E: flatcreekinfo@cordeliopower.com.

Montgomery County, New York

3-DAY NOTICE OF INTENT TO FILE AN APPLICATION

Flat Creek Solar NY LLC, a wholly owned subsidiary of Cordelio Power LP (“Flat Creek Solar” or “the Applicant”), is proposing to construct the Flat Creek Solar Project, a utility-scale solar energy generation facility with up to 300 megawatts (“300 MW”) in generation capacity in the Towns of Root and Canajoharie, Montgomery County, New York (“the Facility” or “the Project”). This notice announces that on or about July 31, 2024, Flat Creek Solar will file an Application with the Office of Renewable Energy Siting and Electric Transmission (“ORES”), pursuant to Article VIII of the New York State (“NYS”) Public Service Law, seeking a Siting Permit from ORES authorizing the construction and operation of the Facility. The Facility is subject to a State review process by ORES whereby uniform standards and conditions have been established for renewable energy projects (“the Article VIII Process”). This process was formerly known and referred to as the 94-c permitting process, but recent legislative enactments in the RAPID Act have transferred the statutory authority for ORES to the N.Y. Public Service Law. The uniform standards and conditions can be found at 19 NYCRR 900.6 and are available at <https://ores.ny.gov/regulations>.

The Facility is proposed to include single-axis tracker solar panels, power inverters to convert electricity from direct current (“DC”) to alternating current (“AC”), permanent access roads, collection lines, and a substation and point of interconnection (“POI”) switchyard to deliver electricity to the existing New York Power Authority (“NYPA”) 345 kV transmission line #352. More information on the proposed Facility can be found on the project’s dedicated website: https://cordeliopower.com/project/flat_creek/.

The Facility is a zero-emission wind energy facility that will assist the State in meeting the goals of the Climate Leadership and Protection Act and State Energy Plan, which includes obtaining 70% of energy generation from renewable sources by 2030 and significantly reducing greenhouse gas emissions. Other positive impacts of the Facility include the creation of full-time equivalent construction jobs; local spending on accommodations, dining, and other local services during the construction and installation period; payments to landowners; increased revenues to the Towns, County and School Districts; and bill credits paid directly to residential electric customers in the host municipality; and the generation of enough electricity to power approximately 40,468 homes annually, helping New York State to become energy independent. In addition, Flat Creek Solar has attempted to minimize impacts associated with the Project, for example, by limiting the disturbance to forested lands, wetlands and streams, and threatened and endangered species to the maximum extent practicable. Flat Creek Solar will submit an Application for a Siting Permit that includes extensive studies evaluating the potential impacts associated with the Facility and identified methods which have been agreed to be implemented to avoid, minimize, and mitigate potential impacts. Pursuant to 19 NYCRR 900-1.6(c), this notice is being published no sooner than three days before the Application is filed.

Pursuant to 19 NYCRR 900-5, Flat Creek Solar will submit with the Application \$1,000 dollars for each MW of capacity for local agencies and potential community intervenors, which for this project, totals \$300,000.00. Any local agency or potential community intervenor can submit a request to the Office for funding within thirty (30) days of the date of the application filing. By regulation, 75% of the local agency account funds shall be reserved for local agencies. Intervenor requests may be made by mail to the Office of Renewable Energy Siting, Attention: Local Agency Account Funding Request (Matter No. 23-00054), c/o OGS Mailroom, Empire State Plaza, 240 State Street, P-1 South, J Dock, Albany, NY 12242, or by email to hearings@ores.ny.gov, Subject line “Local Agency Account Funding Request (Matter No. 23-00054).”

Further details regarding the Project and updates on the Application will be provided on the Project website, https://cordeliopower.com/project/flat_creek/, or the ORES website, <https://ores.ny.gov/permit-applications>, under Matter No. 23-00054. Printed and electronic copies of the Application, when filed, will be available for review at the following local document repository: Canajoharie Library, 2 Erie Boulevard, Canajoharie, NY 13317.

To learn more visit https://cordeliopower.com/project/flat_creek/, or contact us at: Flat Creek Solar NY LLC, c/o Cordelio Power LP, Suite 1805, 55 Fifth Avenue, New York, NY 10003. Project Representative: Patrick McCarthy, Project Manager, T: (888) 524-8168, E: flatcreekinfo@cordeliopower.com.

Flat Creek Solar NY LLC – Flat Creek Solar Project Montgomery County, New York

3-DAY NOTICE OF INTENT TO FILE AN APPLICATION

Flat Creek Solar NY LLC, a wholly owned subsidiary of Cordelio Power LP (“Flat Creek Solar” or “the Applicant”), is proposing to construct the Flat Creek Solar Project, a utility-scale solar energy generation facility with up to 300 megawatts (“300 MW”) in generation capacity in the Towns of Root and Canajoharie, Montgomery County, New York (“the Facility” or “the Project”). This notice announces that on or about July 31, 2024, Flat Creek Solar will file an Application with the Office of Renewable Energy Siting and Electric Transmission (“ORES”), pursuant to Article VIII of the New York State (“NYS”) Public Service Law, seeking a Siting Permit from ORES authorizing the construction and operation of the Facility. The Facility is subject to a State review process by ORES whereby uniform standards and conditions have been established for renewable energy projects (“the Article VIII Process”). This process was formerly known and referred to as the 94-c permitting process, but recent legislative enactments in the RAPID Act have transferred the statutory authority for ORES to the N.Y. Public Service Law. The uniform standards and conditions can be found at 19 NYCRR 900.6 and are available at <https://ores.ny.gov/regulations>.

The Facility is proposed to include single-axis tracker solar panels, power inverters to convert electricity from direct current (“DC”) to alternating current (“AC”), permanent access roads, collection lines, and a substation and point of interconnection (“POI”) switchyard to deliver electricity to the existing New York Power Authority (“NYPA”) 345 kV transmission line #352. More information on the proposed Facility can be found on the project’s dedicated website: https://cordeliopower.com/project/flat_creek/.

The Facility is a zero-emission wind energy facility that will assist the State in meeting the goals of the Climate Leadership and Protection Act and State Energy Plan, which includes obtaining 70% of energy generation from renewable sources by 2030 and significantly reducing greenhouse gas emissions. Other positive impacts of the Facility include the creation of full-time equivalent construction jobs; local spending on accommodations, dining, and other local services during the construction and installation period; payments to landowners; increased revenues to the Towns, County and School Districts; and bill credits paid directly to residential electric customers in the host municipality; and the generation of enough electricity to power approximately 40,468 homes annually, helping New York State to become energy independent. In addition, Flat Creek Solar has attempted to minimize impacts associated with the Project, for example, by limiting the disturbance to forested lands, wetlands and streams, and threatened and endangered species to the maximum extent practicable. Flat Creek Solar will submit an Application for a Siting Permit that includes extensive studies evaluating the potential impacts associated with the Facility and identified methods which have been agreed to be implemented to avoid, minimize, and mitigate potential impacts. Pursuant to 19 NYCRR 900-1.6(c), this notice is being published no sooner than three days before the Application is filed.

Pursuant to 19 NYCRR 900-5, Flat Creek Solar will submit with the Application \$1,000 dollars for each MW of capacity for local agencies and potential community intervenors, which for this project, totals \$300,000.00. Any local agency or potential community intervenor can submit a request to the Office for funding within thirty (30) days of the date of the application filing. By regulation, 75% of the local agency account funds shall be reserved for local agencies. Intervenor requests may be made by mail to the Office of Renewable Energy Siting, Attention: Local Agency Account Funding Request (Matter No. 23-00054), c/o OGS Mailroom, Empire State Plaza, 240 State Street, P-1 South, J Dock, Albany, NY 12242, or by email to hearings@ores.ny.gov, Subject line “Local Agency Account Funding Request (Matter No. 23-00054).”

Further details regarding the Project and updates on the Application will be provided on the Project website, https://cordeliopower.com/project/flat_creek/, or the ORES website, <https://ores.ny.gov/permit-applications>, under Matter No. 23-00054. Printed and electronic copies of the Application, when filed, will be available for review at the following local document repository: Canajoharie Library, 2 Erie Boulevard, Canajoharie, NY 13317.

“Article VIII” Explained

Article VIII is the portion of the of the Public Service Law that guides the permitting process for all large renewable projects. In April 2024, the Renewable Action through Project Interconnection and Development (RAPID) Act took effect with the following actions:

- ▶ Repealed the previously applicable Section 94-c
- ▶ Replaced the former Public Service Law article VIII with a new one – Siting of Renewable Energy and Electric Transmission (Article VIII)
- ▶ Transferred the Office of Renewable Energy Siting (ORES) to the Department of Public Service

WHAT DO THESE CHANGES MEAN?

These changes have no major effect on the Flat Creek solar project. The RAPID Act moved ORES from the Department of State to the Department of Public Service. ORES still oversees the permitting processes for major renewable facilities and has assumed control of all existing functions, powers, duties, and obligations related to major electric transmission siting.

The former 94-c regulations have been transferred and continue in full force under Article VIII. The intent is the same – to permit and advance renewable energy projects while making sure such projects are mindful of costs and environmental impacts.

Project Updates

PUBLIC NOTICE OF INTENT

In January 2024, Cordelio published a 60-day Notice of Intent to file an application for the Flat Creek Solar project. The notice was published in the local papers and posted on the project website, and you should have received a copy of it in the mail. This state-required notice announced that no sooner than 60 days from the date of publication, we will file an application with ORES seeking a siting permit to authorize the construction and operation of the Flat Creek solar project.

The state of New York requires that we also send an additional notice of filing to everyone on the notification list three days prior to the application filing (this notice must also be published in local newspapers and posted on the project website). Once the Article VIII application has been submitted to ORES, a copy of it will be available on the project website, at the Root and Canajoharie town offices, and at the Canajoharie Library.

At this time, we anticipate that the Flat Creek application will be filed in early August 2024.

COMMUNITY MEETINGS

In February 2024, Cordelio held its first community meeting to introduce the Flat Creek solar project to the Root and Canajoharie communities. The meeting was an open house-style format, with informational boards containing project, permitting, and environmental details. Project representatives and subject matter experts were on hand to walk individuals through the information and answer questions.

In April 2024, we held a second community meeting at the Canajoharie Volunteer Fire Department to discuss the Flat Creek solar project. While there, we gave attendees an update on the project, explained the comprehensive studies that have been completed to satisfy the Article VIII requirements, and participated in a live, 3+ hour Q&A session.

We greatly appreciate the many project stakeholders who took time to show up and attend one or both meetings – thank you! If you were unable to make the meetings, the materials are available on the project website. We also encourage you to reach out to us directly with any questions you may have.

LOCAL AGENCY CONSULTATIONS

On January 24 and 25, 2024, Cordelio, along with our environmental consultants and legal support, held a pre-application consultation meeting with Root and Canajoharie officials to discuss the Flat Creek solar project permit application. At the meeting, we presented a detailed map of the project layout, and we discussed the local laws that apply to the construction, operation, maintenance, and decommissioning of the project. We also outlined our efforts to comply with local laws, including a few exceptions we will need to make the project viable.

At the meeting, we walked through specific application exhibits that require local agency input, and we explained how the towns and others can request local agency account funding to offset expenses the towns and other agencies may incur by participating in the public involvement process once the Flat Creek solar project application has been filed.

YOUR QUESTIONS, ANSWERED

What is “intervenor funding”?

“Intervenor funding” is money that all Article VIII participating projects make available to qualified, locally affected parties and municipalities to offset certain expenses they might incur by participating in the state permitting process. These funds are meant to encourage early and effective public involvement in project development and permitting. Under Article VIII, 75% of these funds are reserved for municipalities.

Upon filing its Article VIII application, Flat Creek Solar will post an intervenor fund in the amount of \$300,000 (or \$1,000 per megawatt of capacity). Qualified local parties can apply for these intervenor funds within 30 days of Article VIII application filing.

Applications for intervenor funds can be emailed to general@ores.ny.gov or mailed to:

New York State Office of Renewable Energy Siting
Attention: Request for Local Agency Account Funding
Empire State Plaza
240 State Street
P-1 South, J Dock
Albany, NY 12242

Cordelio In the Community

We were pleased to recently provide contributions to the Canajoharie Police Department and the Ames Volunteer Fire Department. If there are any local events or organizations you think we should get involved with, please let us know.

About this Newsletter

We intend to provide project updates to you via these newsletters as the project progresses through development and into construction. Our forecasts of timing in these newsletters represents our best estimate as of the date of the newsletter, and may be subject to change.

You have received this newsletter because you are on the Notification List for the Flat Creek solar project. If you are not interested in receiving subsequent newsletters, please let us know at flatcreekinfo@cordeliopower.com
